SureColor SC-F7200 (hdK)

DATASHEET / BROCHURE

Complete dye-sublimation package for creating high-quality textiles

The SureColor SC-F7200 is a professional digital dye sublimation roll-to-roll printer developed specifically for the production of high-quality printed textiles. Part of a complete Epson package, everything is made and supported by one manufacturer to ensure it all works seamlessly together.

Quality and reliability

Epson PrecisionCore TFP printheads ensure high throughput and long production life, while variable sized ink droplets enhance high-quality results. Working in tandem with the printheads, Epson's UltraChrome DS ink-set helps achieve the best possible results.

HDK Black

The SC-F7200 comes with an HDK Black ink, which has been created primarily for use with textiles to help produce deep, neutral blacks and dense shadows.

Complete package

In order to deliver superior-quality results and ensure everything works together, the SC-F7200 offers users a complete Epson package with hardware, software, printhead, ink and sublimation paper all made and supported by Epson. The printer is even supplied with Wasatch software, meaning users are ready to start printing straight away, without the need for further investment.

Low TCO and added peace of mind

High-capacity inks and a low power consumption help to keep costs down. For added peace of mind, the printer is supplied with a one year warranty as standard and users can take advantage of Epson's Print & Save managed print service programme to tightly control budget and stock[1].

KEY FEATURES

- **Complete Epson solution**
  Hardware, software, printhead, ink and sublimation paper
- **PrecisionCore TFP printhead**
  High quality, throughput and long production life
- **UltraChrome DS ink-set**
  Vibrant colours, sharp contours, smooth tones and deep, rich blacks
- **Sublimate on soft and rigid substrates**
  Expand production capabilities
- **Low TCO**
  High-capacity inks and low power consumption

EXCEED YOUR VISION

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Ink Technology	Ultrachrome® DS
PRINT	
Colours	Black, Cyan, Yellow, Magenta
Nozzle Configuration	720 Nozzles black, 720 Nozzles per colour
Ink tank capacity	1.500 ml
Minimum Droplet Size	5,3 pl, With Variable-Sized Droplet Technology
PAPER / MEDIA HANDLING	
Print Margins Roll Media	Mode 1: 5 mm (right), 5 mm (left)
Compatible Paper Thickness	0,08 mm - 1 mm
Compatible Paper Weight	75g/m² or heavier
Paper Formats	17 " (43.2 cm), A0, A1, A2, A2+, A3+, A3, 24 " (61.0 cm), 44 " (111.8 cm), 64 " (162.6 cm)
GENERAL	
Energy Use	460 W, 30 W (standby), 0,6 W (Power off)
Supply Voltage	AC 100 V - 120 V, 50 Hz - 60 Hz
Product dimensions	2.620 x 1.013 x 1.311 mm (Width x Depth x Height)
Product weight	269 kg
Sound Power	Operation: 7,4 B (A)
Noise Level	Operation: 59 dB (A)
OTHER FEATURES	
Memory	Printer: 512 MB, Network: 128 MB
OTHER	
Media Handling	Auto take up reel, Roll Paper
OTHER	
Warranty	12 months On-site service Optional warranty extension available

LOGISTICS INFORMATION

SKU	C11CF06002A0
Dimensions Single Carton	3170 x 1120 x 1575 mm
Carton Weight	425,25 Kg
Multiple Order Quantity	1 Units
Country of Origin	China
Pallet Size Euro	1 Units (1 x 1)
